

Annual Meeting, October 2023

Here at Putnam Valley Library, we are very proud of the services and resources we provide to the Putnam Valley Community! Library visits have increased, and the demand for in-person programs has returned. Our plans for 2024 include a renewed and strengthened commitment to provide outstanding services and resources to the community. We will continue to identify and apply for local and nationwide grant opportunities. Additionally, here at PVL are working on upgrading our phone, internet and computer systems - which will allow us to provide improved services to the public.
